UMBC INTERNATIONAL EDUCATION SERVICES

THE INTERNATIONAL STUDENT CAMPUS EXPERIENCE

What to expect for Spring 2021
STUDENT LIFE IS A LITTLE DIFFERENT RIGHT NOW...

While campus facilities and services may not be available to the same extent, we're still here to help you make the most of your experience.
What will my first days in the US be like?

What should I keep in mind?
IMPORTANT THINGS TO REMEMBER AS YOU PREPARE FOR SPRING 2021

- Prepare to quarantine once you arrive
- Don't forget, it's still winter so it will be cold!
- Plan your personal study space
- Limited facilities, campus jobs & services
Will I need to quarantine once I arrive?

Yes.

The Center for Disease Control (CDC) recommends a 2 week quarantine for anyone arriving into the US.

IES will be providing additional information to help answer your questions and prepare for quarantine in the coming weeks.
WHAT ARE SOME WAYS TO GET THINGS I NEED SAFELY?

- You can order your groceries online and have them delivered for a small fee.

- If it's in your budget, order a meal online (UberEats, DoorDash).

- Many local restaurants and shops allow you to place orders online for curbside pickup.
WINTER IN MARYLAND

It may be the spring semester but, it's still cold for the first few months!

GET A WARM COAT

YOU MAY HAVE HIGHER BILLS

ENJOY THE SNOW!
What will campus facilities and services be like?

**Limited operating hours**
Some services such as UMBC transit, are offering a modified service and fewer routes. Check their website to see when shuttles are running.

**Food options**
Most on-campus food outlets are offering takeaway options only, no dine-in. They may also have limited hours. To see what’s open visit: dineoncampus.com/umbc

**Remote Staff**
A majority of staff will remain working remotely for the spring semester. We recommend emailing if you need to contact campus staff.
CAMPUS JOBS WILL BE LIMITED

Since there are few people on campus, remember that on-campus (especially in-person) jobs will be limited for the spring semester. Make sure you budget accordingly. As always, you can search for available campus jobs on UMBC works.
PREPARING YOUR ONLINE LEARNING SETUP

01 Make sure you have proper equipment. Laptop, headphones, etc

02 Create a space where you can study without distractions

03 Check if your classes are synchronous or asynchronous

04 Reliable internet access is a must! Assignments & exams will be online
SYNCHRONOUS
Students attend class at the same, specified time.

You'll participate in real-time lectures and discussions with professors & classmates.

ASYNCHRONOUS
Attend class virtually and complete coursework on your own time.

Most communication with professors is over email.
Are there still ways we can socialize and stay safe?

YES!!
ENTERTAINMENT & SOCIALIZING SAFELY

- Virtual experiences from local attractions such as Baltimore Zoo, the Smithsonian and more!
- SEB hosts many virtual activities and events to stay connected with other students. From movie nights, to games, to trivia, there's plenty of fun options!
- Active at home! The RAC posts virtual fitness classes on YouTube! They also post monthly challenges on their social media.
- Plan a movie or cooking night-in with your roommates. Make it a theme and experiment with new dishes!
STAY INFORMED WITH CURRENT CAMPUS, STATE AND NATIONAL GUIDANCE

Check your email
Make sure you regularly check your UMBC email account so you don't miss important updates and announcements

Retriever ready website
Visit the Retriever Ready: Covid-19 Response webpage for helpful information, resources and updates
